Why I became a Governor	My main reason for wanting to be a governor is to support the school and give something back as both of my sons attend Endon Hall. I have previous experience as a governor and knowledge of the education system that I thought would be useful to the school.	
The day job!	I used to be a Secondary Maths teacher and it was always my intention to return to the classroom when my youngest was settled into school. However, during this time my career took a different turn and I am now a published author of Secondary school textbooks as well as other roles within education.	
What do I contribute?	My previous experience in education is a huge asset when it comes to being a Governor. I am a parent helper within Key Stage 2 when time allows so I feel I know the school very well. With both of my children in the school, I have a vested interest in supporting and helping the school to progress.	
Do I have children at the school?	I have Christopher and Jonathan at Endon Hall. Christopher is in Year 5 and Jonathan is in Year 3.
