

Summer holiday project

As your child begins their learning journey at Endon Hall, we would like to know as much about them as possible to help them to settle in. Having something they can look at and talk about with us will really help. Our first topic is 'Magnificent Me', so this is a perfect way to get started!

We would like you to work with your child to create a scrapbook over the summer break. Cover or decorate a book of your choice to help your child recognise it easily.

Things you might like to include:

- photos of family members and their names (what does your child call them; nan, nanny, granny etc)
- photos of family pets with names
- photos of your child in their favourite places
- drawings/ mark making
- favourite stories
- collages/paintings
- tell us what you have been up to over the summer holidays
