

# 4. Google Classroom (Web Version) - Completing and uploading work

Work can be completed by editing the document in Microsoft Word and then uploading it to Google Classroom (see 'Classwork guidance'). It can also be completed, photographed and then uploaded to Google Classroom.

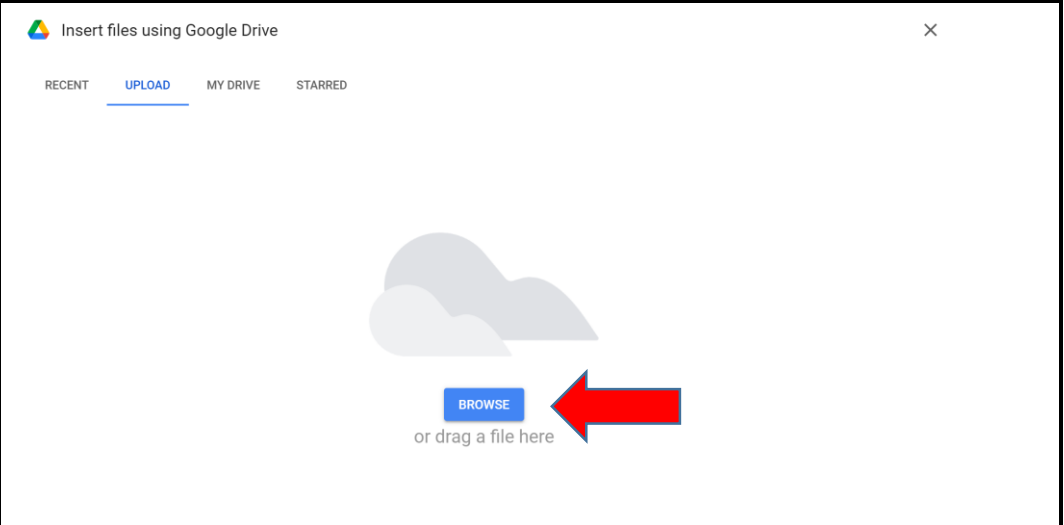

1. Once you are ready to upload the completed work, select the 'Classwork' tab once again and click 'View assignment'.

2. From here, select '+ add or create' and then select 'File'.

3. You will then be able to 'Browse' for the correct document from your files. This could be a Microsoft Word document or a photo.

4. Once you have selected the appropriate file, the uploaded file will be shown here.

Look at the Chilli Challenge document. We wont be completing a progress check for this set of challenges so just start from the Extra Mild Task and work your way through each task and challenge. You will be adding numbers mentally. Try not to use a written method to complete these. These tasks and challenges will be completed over today and tomorrow.
